

Thank you to all those parents and carers who completed this survey. We are delighted to see that so many of you endorsed the process by completing the survey and with an overall response rate of 55% we can be confident that the views are representative of the parent/carer body. It is our intention to repeat this process annually.

Although there is overwhelming agreement with the 17 statements I know that the school is not complacent and will want to address any areas of concern and to give particular consideration to the many who gave responses to the question 'What can the school do better'? and to any suggestions that were offered. We will provide feedback to these once we have had the opportunity to discuss them fully with the Headteacher.

Congratulations to Viking class who win the £50 with their response rate of 73%.

Since our next Ofsted inspection is due to take place at anytime this year it would be very helpful if you could take the time to complete the 'Parent View' which is available on the following link : <https://parentview.ofsted.gov.uk>. It only takes a few minutes to complete and follows the structure of our own survey. As with our own survey the greater the response the more representative it is and will support the school.

Finally, can I also encourage you to follow the "Governor Blog' link on the school website where we publish the minutes of our Governing Body meetings which will keep you fully informed of what governors do in both supporting the school and holding it to account.
