Headteacher Mrs. Claire Frost

27th March 2020

Dear Parents and carers,

Please find some links below to additional websites **to those already recommended in our first letter and the Home Learning Projects** for each class. We hope you find them useful. Please be assured that we are not expecting that you use all of them; we are trying to give you a range of resources to help you with your child's home learning.

All of the home learning resources below are **FREE**. Some are free documents; others are subscriptions that are free **at the moment**. These companies have shared their resources for free during school closures. **Please be aware that some may charge after a certain date or after your free subscription is finished.**

Maths

A very useful website for Maths is <https://whiterosemaths.com/homelearning/>
The White Rose Maths Team has prepared a series of five maths lessons for each year group from Early Years to Year 8. They will be adding five more each week for the next few weeks. Every lesson comes with a short video showing you clearly and simply how to help your child to complete the activity successfully.

Another useful website for Maths is: <http://www.iseemaths.com/home-lessons/>

Gareth Metcalfe will host daily home maths lessons during the UK school closures. The previous day's lesson is recapped before the next tasks are set. There are videos for Years 3 & 4, Years 5 & 6 and a series of KS1 videos.

All children also do have access to Mathletics which teachers will update by adding activities regularly.

For Numbots, we have now added EYFS and Year 1 children to our TT Rockstars account and parents should have been e-mailed the individual log in for their child.

Please be aware that the site is experiencing a huge number of visits and you may not be able to sign on at certain points in the day.

Year 2 – Year 6 children may access the Numbots site using their TT Rockstars log in details that they have already.

<https://play.numbots.com/#/intro>

Another useful site for Key Stage 2 children is:

<https://corbettmathsprimary.com/>

The site contains videos and worksheets as well as 5-a-day maths practice sheets at Bronze, Silver, Gold and Platinum levels. The Platinum levels are very challenging and are aimed at Year 6 and above. There are answers too so that the children can self-check.

<https://www.theeducationpeople.org/blog/kent-childrens-university-home-learning-resources-pack-is-live/>

The Education People have produced a guide to home learning which covers a range of curriculum subjects, including maths activities.

Maths Mastery activities can be found at <https://www.mathematicsmastery.org/free-resources> but will require printing of some sheets.

Mrs Claire Frost & Mrs Lucy Avena
Headteacher Assistant Headteacher

Our school values: “Respect, kindness, self-worth, forgiveness and love”
