### Smugglers Special Edition 10!

Dear Smugglers!

I hope that you have had an enjoyable week thinking about transport and have had a chance to get outside despite it being a bit wet on Tuesday and less warm this week.

I found out that 1<sup>st</sup> July was international joke day so I thought I would share a joke with you. What is a frog's favourite drink? *Croak-a-cola!* What is your favourite joke?

You will all be familiar with Go Noodle as we use it in class for fun dance and song activities and brain breaks! You can sign up for your own free Go Noodle account so that you can access the videos whenever you like to fit in a quick bit of exercise. This is particularly useful on days when getting outside isn't possible because of the rain. Visit. [www.gonoodle.com](http://www.gonoodle.com) to join. We really enjoy Milkshake,

Pop See Ko and Dinosaur Stomp at school. 😊

At home I have been enjoying baking with some of the ingredients which I have harvested from my garden. I have made a rhubarb and custard pie and a rhubarb and strawberry crumble. I'm sure you can guess which of my fruits were ready to pick this week! I am really looking forward to the food theme of next week's home learning and hope to see some of your food creations on Class Dojo!

Take care, Mrs Scott 😊

#### Spellodrome News

Later on this year the company that provide Spellodrome will be replacing it with a new programme - Readiwriter. We will be moving over to that programme soon. It can be accessed with the same login details that you currently use. If you would like to try using Readiwriter Spelling now, you can visit <https://login.readiwriter.com/> to take a look.

**Mathletics:** Well done James, Summer, Keira, Oscar and Louis for getting a bronze certificate. 😊

**Spellodrome:** Well done to Summer and Mimi for getting a participation award and an extra well done to Poppy, Luke and Oscar for getting a Golden Bike certificate!

Excellent work again this week Smugglers! We are very proud of you. 😊

**Our school Christian values:**  
**“Respect, kindness, self-worth/perseverance, forgiveness and love”**

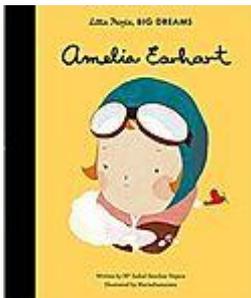

Dear Smugglers,

Sam Bear has been looking a little sad this week. 😞 He is missing you all. That and the television has not been working!

How are your plants? Are they growing well? Ours are growing at a tremendous rate especially after the rain. As humans we might not like it so much but the plants love it! This week Mr J and I picked pounds of gooseberries and raspberries and made jam. It is delicious.

As you know, we are walking along the Military Canal at the weekends. This weekend we walked from Hamstreet to Ruckinge. Did you know that this is an old smuggler route? Smugglers were people who traded things and did not pay tax. It was against the law.

This week my recommended book is **Amelia Earhart (Little People, Big Dreams)** by Isabel Sanchez Vegara & Maria Diamantes. This book is a simple biography of Amelia Earhart, the first woman to fly a plane all the way across the Atlantic Ocean, from her early childhood to her first flying lesson and on to her world-famous career as a pilot. She is a fascinating character.

Take care

Mrs Jempson 😊

Message from Mrs Constantinou:

Dear Smugglers,

I hope you are all enjoying working on the interesting learning projects we are sending home.

As you know I like nature and this week I found a toad in my garden! Do you know the difference between a toad and a frog? Perhaps you could look it up and find out.

Have a lovely weekend.

Love from Mrs C 😊

Common frog

Common toad
